DANE COUNTY PROVIDER NETWORK

QUARTERLY NEWSLETTER - April 2024

What is the Dane Crisis Provider Network (DCPN)?

The DCPN is comprised of the various programs which provide care along the crisis continuum in Dane County. DHS 34 is the administrative rule that crisis programs fall under and certification is jointly held by Journey Mental Health Center and the County. We recognize that we work best as a continuum when we work together and hope to strengthen pathways for referrals, connection, and care. We aim to strength the network by publishing quarterly newsletters, offering bi-monthly webinars, and hosting routine leadership meetings.

DANE COUNTY PROVIDER NETWORK QUARTERLY NEWSLETTER - April 2024

DCPN Purpose

To foster collaborative relationships and transparent communication among a coordinated community of providers in order to deliver the right care from the right team at the right time.

DCPN Values

Collaboration: working together, knowing and understanding each other, listening, openness, teaming, communication, collective goals, connection, mutual aid

Trust: putting confidence in other providers/programs, ability to safely rely on each other, trusting the abilities of others, believing in one another, trusting and being trustworthy

Adaptability: flexibility, openness to change, creative ways to use resources, support changing dynamics/culture/funding, adapting standards/practices, when we encounter barriers we don't stop collaborating and continue to problem solve, willingness to step outside of "we don't do that"

Diversity: representation that reflects our community, hiring a diverse workforce, welcoming different perspectives, diversity of services, removing barriers, valuing lived experience

Growth: open-mindedness, willingness to change, future-oriented, best practice, not looking for reasons you can't

Compassion: caring about the individuals we serve, presuming positive intent, interdependence, seeking to understand other points of view, understanding limitations, sharing stories, taking time to reflect, caring for other providers as well as clients

PROGRAM SPOTLIGHT

Crisis Stabilization

Types of Services

Crisis Stabilization is a sub-unit of the Emergency Services Unit that works to divert crises, prevent future crises, and/or help an individual connect to the community post-crisis. Services include but are not limited to screenings for crisis diversion services, creation of safety plans, short term case management, transportation to appointments and healthy activities, C-SSRS, Crisis Plans, Response Plans (collect from outside providers), compliance checks, court order reviews, home visits, crisis peer support, connection to basic needs, support in getting insurance, work closing with hospital discharge planner, join Crisis on home visits, and referrals to behavioral health resources, in-person support, and medication observations for Journey prescribed clients. Crisis Stabilization also works with the ZeroSuicide initiative.

Did you know?

Crisis Stabilization does flex hours as needed. Staff are available to work weekends, nights and holidays to meet the need of the community and our consumers.

Eligibility and Access

Persons who are in a mental health crisis and meeting the Crisis Stabilization Medicaid guidelines are eligible for Crisis Stabilization. We typically support people who are under a mental health court order and/or have been unsuccessful with connecting to follow up with services for whatever reason. We have the ability to provide services for any Dane County resident in Crisis, including those under a mental health court order.

Hours of Operation

Monday-Friday 8am-4:30pm. Medication deliveries on the weekend from 4-7 pm.

Cost

We primarily bill Medicaid for services but have the ability to support individuals who are uninsured.

Length of time

Short term (under 90 days)

Main phone number

608-280-2624
