Note: The lists in this document contain the most up-to-date based on actual and projected information at the time the information was obtained. Availability is always changing , so please reach out to an agency directly to determine if an opening still exists and for help determining whether the referral would be a good fit for the participant. If an agency is not listed within a service type, the agency may have openings that weren't reported in the request for information or the agency may be maintaining an on-going wait list for participants. For an up-to-date list of CCS agencies contracted to provide each service type, please refer to the [provider directory](#).
